

Creative Growth Art Center

Oakland, supports artists with disabilities.

Creative Growth Art Center is the oldest and largest art center for people with disabilities in the world. They have been active for over 40 years and now serve 162 artists with disabilities every week in their Oakland art center. Creative Growth has served as a model for over 20 similar programs around the world and represents the only 3 artists with developmental disabilities whose work is included in the permanent collection of the Museum of Modern Art in New York. The center offers classes, events & a gallery for sales of art work to support the artists.

We will provide the funds to replace the 50-year old kiln in their ceramics studio with a new, safer model.
